Cate,

Emailing everyone again. I have not received or heard anything about payment for this appraisal. Once again if it was sent out, sometimes my mail has gotten lost. If someone can please follow up and find out where the payment is I would greatly appreciate it.

Thank you,

Tony

**Subject:** RE: Appraisal and Invoice

Tony,  
The hearing has been moved out to 10/29 so please mark your calendar.

Krystal – have you confirmed that AAA’s invoice has been paid such that we can let Tony know it is on its way?

Thank you!  
Cate

Cate,

Just checking in on the conversation from yesterday. I will free my schedule for the 7<sup>th</sup> if needed. But I cannot start another invoice/bill without verification of being paid for the appraisal itself.

Tony

Hello, Tony!

There is a chapter 11 hearing coming up on October 7 at 1 p.m. in Greenbelt, MD. We are 99% sure this is not going forward, but just in case it does, I wanted to put you in touch with attorney Corinne Adams who will handle the hearing.

Could you let us know if your schedule permits you to attend a hearing on October 7 with Corinne to testify about your appraisal? Again, this is likely not going to go forward but we wanted to check in with you just in the off chance that it does.

Thanks,  
Cate

Cate,

No. I can use your invoice for value. It will not change the value whether I see it or not. Plus, not that I am intimidated by anyone but this guy is not a friendly person.

Cate,

To be honest with you Cate, I saw cameras, TV's and POS system. I don't recall seeing any DJ equipment. I can add this to the appraisal and reference the invoice. I assume, they obviously are on the hook for this since it was financed. However, wiring, setup, programing, etc., are not items I include in the total. These items are 4 years old, and after deducting the previous installment cost, probably looking at and additional 4-6K on the total.

Tony

Tony,

I have a question about the appraisal. We had purchase orders for approximately \$44,000 worth of televisions, stereos and other electronics that were also listed on the chart I gave you prior to your site visit.

Did you not observe those when you were at the restaurant? I do not see them on the appraisal. I apologize if I am missing something.

Thanks,  
Cate

**Subject:** Appraisal and Invoice

Treena and Cate,

Appraisal and invoice. Few notes since I know how this guy operates.

1. Unit #15 Hoods and Exhaust - the hoods and ansul system can be removed and sold. The core exhaust system is built into the building and must stay.
2. Unit #17 Tap System - there are components of this that can be disassembled and sold
3. Units #18-19 Walkins - He states they are part of the building. Don't know the lease conditions and not sure if they can be physically removed without structural damage. Valued them anyway because I am assuming they are lien against them.

Any changes or questions don't hesitate to ask.

Tony
